QUESTIONS

Do my guests choose their own entrée?

Yes. Each guest chooses their own main course from the options on your menu, at the table or by pre-order. For larger groups, pre-ordering keeps service moving.

What does it cost all in?

Menus are priced per guest before tax and gratuity. A 20% gratuity and sales tax are added to the final bill, so an \$80 menu comes to about \$105 per guest all in, and \$65 to about \$86.

Is a deposit required?

No. We hold your date without a deposit and ask for the final headcount 24 hours before the event.

How does a hosted event work?

It is prix-fixe and fully served. You choose a per-guest menu, the owner coordinates your event personally, and setup, service and timing are handled for you. Send the estimate form or call, and we reply with availability and a written proposal.

Can you accommodate dietary needs?

Yes. Every menu has a vegetarian main course, and gluten-free and other needs are handled on request. Note them in the estimate form or tell us when we speak.

How many guests can you host?

The Vault, our restored 1920s bank-vault room, seats 12 to 22. Parties of 23 to 100 take the main dining room, with no buyout required. The whole restaurant can also be closed to the public for the evening. Every event menu, from the \$35 lunch up, is available in The Vault.

What is the difference between an event menu and catering?

Event menus are served at the restaurant, in The Vault or the dining room. Catering is family-style trays delivered to your office or venue, ordered from the Catering trays view of this page or through ezCater.
